Churchwide Announcements & Prayer Requests

Mennonite Church USA Janet Szabo, a member of Mountain View Mennonite Church, shares how after a period of declining attendance, Mountain View Mennonite Church is experiencing a spring new life, through active church participation from adults and children alike. Read more here: mennoniteusa.org/spring-garden-creation

Mennonite Church USA Sara Gurulé, constituent engagement representative for Mennonite Mission Network, MC USA's mission agency, shares her grief about climate change and how the systems of greed and power have affected the places she calls home. Read more here: mennoniteusa.org/complex-grief-climate

Mennonite Mission Network: On this Father's Day, join Mennonite Mission Network personnel in praying for fathers around the world, especially those who lack the support needed to provide life's necessities for their children. May we share what God has given us, acknowledging that we are all part of God's one family.

Mennonite World Conference: Natural and climatic conditions are one of the challenges in our region. There are many possible natural disasters that always threaten and become challenges. In Indonesia, for example, earthquakes, landslides and floods occur. In the Philippines, typhoons often occur which destroy many things and also cause floods. This is indeed a problem, but it is also an opportunity for churches of believers to carry out a missionary call to provide assistance to people affected by disasters.
